I, Dr. \_\_\_\_\_, have utilized OrthoDent 3D Imaging to virtually place implant(s) for patient, \_\_\_\_\_, scan date of \_\_\_\_\_ in preparation for surgical guide fabrication. I am responsible for the fees charged to me from Anatomage for the surgical guide.

Implants Planned:

- 1) Are you okay with using a tissue flap, if required?      Yes      No
- 2) What Instrumentation will you be using? Please choose from the following:
  - Anatomage Short Handle Kit
  - Anatomage Handle Kit
  - Anatomage Multi-Angle Handle Kit
  - Anatomage Insert Kit
  - Anatomage Pilot Kit
  - Biomet 3i Navigator Guided Kit (Straight Implants) sleeves
  - Biomet 3i Navigator Guided Kit (Tapered Implants) sleeves
  - Straumann Guided Kit sleeves
  - Nobel Guided Kit sleeves
  - Zimmer Guided Kit sleeves
  - Implant Direct Kit sleeves
  - Camlog Guided Kit sleeves
  - Astra Facilitate Guided Kit sleeves
  - Biohorizons Guided Kit sleeves
  - Hiossen Guided Kit
- 3) What drill kit will you be using for surgery? \_\_\_\_\_

I understand that the technician virtually places the implants under my guidance. I also understand that I am fully responsible for the outcome of the surgery.

*\*\*Please note that Anatomage will bill you directly for your Surgical Guide\*\**
